Overview

Mid-Atlantic singer and award-winning songwriter **Richard Walton** releases his seventh original music CD, "Vessel". This is actually Richard's very first all vocal CD release; after having his vocal songs on various compilation CDs throughout the years. Primarily known as the bassist/composer of the leader of his successful original instrumental jazz group, he produces a solid set of radio-friendly songs with mostly Christian-based lyrical themes. Co-writers on this project include recording artist/keyboardist **Tom Alonso**, Reality Jones singer **Tim McFadden**, BSA vice-president **Joe Spatarella**, former bandmate **Eugene Jubilee** and lyricist **Janet Gross**.

Musicians & Credits

Richard handles acoustic & bass guitars, percussion & lead/harmony vocals. **John Grant** at Secret Sound Studios provides the stellar mixes and help with production. A host of other talented players include guitarists **Bob Margolis**, **Drew Davidsen**, **John Roberts**, **Bill Dumas**, **Christopher Russell**, **Joe Spatarella** and **John Grant**. Keyboards are played by the talented **Tom Alonso**. Back-up and harmony vocals are provided by **Debra Tracey**, **Sandy Howard**, **Michele Caldwell**, **Margot Gibson**, **Katie Turyna**, **Tim McFadden**, **Marty Lanzino**, **David Meer**, **Bill Dickson** and **Frank Garcia**. Drums are handled by **Mitchell Shaivitz**; saxophones & flutes are provided by **Jacob Yoffee** and **Joe Doyle**.

Performances

Walton continues to work steadily as a solo acoustic performer in the Mid-Atlantic region. Occasionally, he will be joined by violinist **Tecla Walton** & percussionist **Kevin Doxzen** (in a new acoustic project, **Straight On Red**) to promote "Vessel". Plans will include performing at coffee houses, co-leading worship and performances at various churches and doing house concerts. Walton will also continue to lead his original jazz group.
